The purpose of this solicitation is to solicit proposals and award a contract to a Prime Vendor for products and services described herein.

Amendments and Modifications:

SECTION 3: PROPOSER QUALIFICATIONS AND RESPONSIBILITY**Requirements:**

1. UCCA is looking for a Prime Vendor to provide the products and services listed in the RFP.
2. If Proposer is unable to provide products or services to UCCA, Proposer must succinctly define what can and cannot be provided, including the reason. UCCA will determine if the request is accepted. If the request is denied, the proposal may be rejected.
3. In case of default by selected Prime Vendor, UCCA, after due notice, may procure the necessary supplies from other sources and hold selected Prime Vendor responsible for any excess cost, including costs related to procurement (e.g., cost of labor and supplies).
4. Continuous instances of product unavailability may result in termination of the contract and removal of Proposer from the vendor list at the sole discretion of UCCA.
5. Proposer will provide names and contact information for at least three (3) but no more than five (5) references of non-profit or school district customers of similar size.
6. The products and pricing of the awarded contract may be available for other schools/government agencies or eligible entities (piggybacking), after the initial contract is awarded. By submitting a proposal, the Proposer agrees to make the same contract terms and conditions, products, and price available to other such governmental agencies or eligible entities. UCCA will not in any way incur any liability in relation to specifications, delivery, payment, or any other aspect of purchases by any other such agencies or entities.

Compliance Requirements:

Proposers will need to comply with applicable requirements set forth in federal and state regulations including policy and instructions issued by the U.S. Department of Agriculture (USDA) and the North Carolina Department of Public Instruction (DPI).

Discussions/Negotiations:

By submission of a proposal, Proposer agrees that during the period following issuance of the proposal and prior to notification of intent and/or award of the contract, Proposer will not discuss this procurement with any party except Austin Parker, Contract Administrator. UCCA reserves the right to reject any and all proposals and to cancel this solicitation if it is in the best interest of UCCA. UCCA shall not be held responsible for any expenses incurred in the preparation or subsequent presentation of Proposer's response to this solicitation.

UCCA reserves the right, at any time after opening and prior to award, to request from any Proposer clarification, address technical questions, make site visits, review past performance or to seek or provide other information regarding Proposer's proposal. This process may be used for such purposes as providing an opportunity for Proposer to clarify the proposal in order to assure mutual understanding and/or aid in determinations of responsiveness or responsibility of Proposer. UCCA will not consider information received if the information materially alters the content of the proposal or alters the type of goods and services Proposer is proposing to UCCA. An individual authorized to legally bind Proposer shall sign responses to any request for clarification.

UCCA reserves the right to contact provided references and other references to assist in proposal evaluation, to verify information contained in the proposal, and to discuss Proposer's qualifications including capabilities and performance under other contracts.

Issuance of this RFP in no way constitutes a commitment by UCCA to award any contract or agreement. This RFP is designed to provide Proposer with the information necessary to prepare a competitive proposal. It is not intended to be comprehensive and each Proposer is responsible for determining all factors necessary for submission of a comprehensive proposal. An RFP may be rejected for various reasons, including but not limited to any one of the following reasons:

1. Proposer fails to deliver the proposal by the due date and time.
2. Proposer fails to respond to UCCA's request for information, documents, or references within the time specified.
3. Proposer's response limits the rights of UCCA.
4. Proposer's response materially changes a product or service requirement.
5. Proposer fails to include information necessary to substantiate that it will be able to meet a product or service requirement. A response of "will comply" or merely repeating the requirement is not sufficient. Responses must indicate present capability; representations of future developments will not satisfy the requirement.
6. Proposer provides misleading or inaccurate responses.
7. Proposer initiates unauthorized contact regarding the RFP with UCCA or employees/agents of UCCA.
8. Proposer presents the information requested by this RFP in a format inconsistent with the instructions of the RFP.
9. Proposer fails to include any signature, certification, authorization, stipulation, disclosure, guarantee or other item requested in this RFP.

SECTION 4: ADMINISTRATIVE INFORMATION

Estimations:

UCCA has to the best of its ability, provided estimates to Proposer for products and related services it intends on ordering. The total purchasing estimates are based on usage from the previous year; some quantities may be projected higher due to concern about availability of USDA Foods and/or new meal pattern requirements. UCCA will not guarantee any minimum utilization or compensation to be paid to a Proposer.

Competitive Pricing:

Proposer must complete the "PRIME VENDOR PRICING FORM." Proposers are encouraged to submit the most competitive pricing possible because UCCA will be soliciting multiple proposals from proposers to achieve the lowest possible costs for the specifications and requirements outlined in this solicitation. If

for any reason this solicitation has limited Proposer's ability to provide a competitive proposal, please contact UCCA as directed in the cover letter.

Pricing:

All products will be priced as Proposer's cost plus a fixed handling charge. Pricing submitted for all products will be net price, F.O.B. destination, *in the door*. The evaluated prices will be price per unit, not price per case. The unit price offered should contain two points (.00) beyond the decimal. The extended price shall be rounded to the nearest whole cent.

Case Price:

Basis for case price (cost) are current prices for date of June 6th, 2025. If product was not purchased on this date, a manufacturer's price sheet signed by an authorized manufacturer's representative or official manufacturer confirmation letter may be used prior to the proposal opening. Prices must be entered on the "PRIME VENDOR PRICING FORM." UCCA may request copies of invoices, price sheets, or confirmation letter prior to award of contract.

- a. Prices quoted shall be the NET PRICE that UCCA will pay.
- b. Cost should be locked with packers/manufacturer for the greatest extent of time possible to avoid price increases for contract duration.
- c. Prices shall be based on delivery to Proposer's warehouse. Freight rates shall normally be in carload or truckload quantities of straight or mixed products, except for very small volume products, which may be drop shipped. Freight arranged by Proposer will not exceed the rates established by nationally recognized common carriers.
- d. Official manufacturer confirmation letter must be maintained on file with the selected Prime Vendor for audit purposes.
- e. Allowances intended for the end user, such as, promotion allowances, billbacks, or other purchasing incentives MUST accrue to the benefit of UCCA. Evidence of such discounts or allowances will be available for audit upon request. A Proposer's invoice costs shall reflect proposal and/or promotion allowances, e.g., one free with 10, or proposal allowances, the benefits of which shall accrue to UCCA. Self-funded allowances will be expected to be on-going. **In the narrative section of ATTACHMENT B, explain any volume discounts or allowances which are from monies other than manufacturers or packer's allowances.**
- f. Allowances intended for the selected Prime Vendor, such as, payment arrangements or marketing dollars, shall accrue to the benefit of selected Prime Vendor.
- g. Individual product rebates may either be filed by UCCA or selected Prime Vendor, but will be paid only to UCCA. The selected Prime Vendor will provide the tracking report, if requested.
- h. **Brand names mentioned on the "PRIME VENDOR PRICING FORM" are solely used as examples. If using a different or generic brand, a specification must be noted in the column labeled "Brand."**
- i. Submit, with the proposal, a list of all products which:
 1. Are firm for the entire contract year, calendar year, or other specified period of time.
 2. Proposer cannot provide to UCCA.
 3. Are special order (include lead time).
 4. Are purchased by Inner Company billing and/or Group Buying billing which are not normally in stock at the warehouse which services UCCA. If there is a price increase due to Inner Company or Group Buying billing, the increased price must be supported with

- a market bulletin(s) from an independent source; such documentation shall be maintained on file with selected Prime Vendor for audit purposes.
5. Are Proposer-processed products, such as cut up fruit/vegetables. The price of the product charged must be based on an independent market bulletin. The selected Prime Vendor shall keep the market bulletin which served as the basis for the cost and the calculation for this proposal on file for audit purposes.

When a product unit is stated as case, decimals should be carried two (.00) places. For units as pound, decimals should be carried three (.000) places. For items in a unit of each or partial case, decimals should be carried four (.0000) places. To determine a proposed unit which is less than a case, take the case cost to four places beyond the decimal (.0000). Divide case cost by the number of units in a case and round to the nearest whole cent (\$.00).

Handling Charge:

Includes but is not limited to procurement, handling at Proposer's warehouse, overhead, delivery, and profit. **In the narrative section, explain how handling fee is determined.** The handling fee is fixed for the length of the contract plus any renewals regardless of manufacturers/suppliers invoice prices. Proposers may propose a different handling fee for different product categories or different products within the categories.

- a. Proposer shall propose a dollars and cents handling fixed fee per case to two decimal places, for example, \$1.25.
- b. The handling charge applied to a product shown in the "PRIME VENDOR PRICING FORM" shall also apply to all other pre-approved brands within the product specification in the event of substitution.
- c. Handling charges for broken cases shall be pro-rated based on the number of units ordered from the full case. UCCA will keep broken case orders to a minimum; broken case orders shall consist largely of seasonings, condiments, fresh produce, and some non-food products. To arrive at the price for broken cases, the selected Prime Vendor shall divide the number of units in a full case into the per-unit selling price, including the pro-rated handling fee.
- d. **In the narrative portion, Proposer should describe any prompt payment and volume discount allowances proposed.**
- e. Request to adjust handling charges will be entertained by UCCA only at the time of contract renewal. The request must be based on concrete data.

Handling Charge and Delivery:

Handling charge will include delivery to all buildings as indicated on UCCA Profile Sheet located in the last section of this RFP. The handling charge may be adjusted at renewal based on the cost of fuel. No other criteria may be considered in adjusting the handling charge.

Allowable Costs (discounts, rebates, and other applicable credit)

Selected Prime Vendor must be able to comply with 7 CFR § 210.21(f) Cost Reimbursable Contracts, which states the following:

(1) Required provisions. The school food authority must include the following provisions in all cost reimbursable contracts, including contracts with cost reimbursable provisions, and in solicitation documents prepared to obtain offers for such contracts:

(i) Allowable costs will be paid from the nonprofit school food service account to the contractor net of all discounts, rebates and other applicable credits accruing to or received by the contractor or any assignee under the contract, to the extent those credits are allocable to the allowable portion of the costs billed to the school food authority;

(ii)

(A) The contractor must separately identify for each cost submitted for payment to the school food authority the amount of that cost that is allowable (can be paid from the nonprofit school food service account) and the amount that is unallowable (cannot be paid from the nonprofit school food service account); or

(B) The contractor must exclude all unallowable costs from its billing documents and certify that only allowable costs are submitted for payment and records have been established that maintain the visibility of unallowable costs, including directly associated costs in a manner suitable for contract cost determination and verification;

(iii) The contractor's determination of its allowable costs must be made in compliance with the applicable Departmental and Program regulations and Office of Management and Budget cost circulars;

(iv) The contractor must identify the amount of each discount, rebate and other applicable credit on bills and invoices presented to the school food authority for payment and individually identify the amount as a discount, rebate, or in the case of other applicable credits, the nature of the credit. If approved by the State agency, the school food authority may permit the contractor to report this information on a less frequent basis than monthly, but no less frequently than annually;

(v) The contractor must identify the method by which it will report discounts, rebates and other applicable credits allocable to the contract that are not reported prior to conclusion of the contract; and

(vi) The contractor must maintain documentation of costs and discounts, rebates and other applicable credits, and must furnish such documentation upon request to the school food authority, the State agency, or the Department.

In accordance with 7 CFR § 210.21,

1. No expenditure may be made from the nonprofit school food service account that permits or results in the selected Prime Vendor receiving payments in excess of the selected Prime Vendor's actual, net allowable costs.
2. *Evaluation of Rebates, Discounts, and Credits:* Proposer will be evaluated on its transparency as well as its performance and success in negotiating and returning rebates, discounts, and credits received by Proposers, other manufactures and vendors, or companies related to products and services described in this solicitation and resulting awarded contract. Any such rebates, discounts, and credits must accrue to the benefit of UCCA. This includes any rebates, discounts, and credits which are contracted out to a third party for management, handling, payment, and/or processing.

Rebates, discounts, and credits may include but would not be limited to any amount paid by way of reduction, credit, discount, return, refund, financial incentives, price concessions, and other instruments of value (such as reduction in pricing on non-UCCA related purchases where UCCA purchases were considered), or other direct or indirect remuneration from

manufacturers/vendors or others persons that are related to, directly or indirectly influence or affect what has already been paid or will be made payable with funds from UCCA's nonprofit food service account.

In a narrative the Proposer must:

- a) Describe how it manages, reports, and negotiates rebates, discounts, and credits.
- b) Provide an estimate of rebates, discounts, and credits UCCA should receive in the first year of its contract if Proposer won the contract based on estimates provided.
- c) Describe what differentiates the Proposers company from other companies, in terms of rebates, discounts, and credits.
- d) Describe if funds from rebates, discounts, and credits are audited by an independent auditing organization to ensure they are paid in accordance with your company's contracts and accordance with applicable federal and state requirements.

Substitutions:

All substitution requires the prior approval of UCCA. If selected Prime Vendor is temporarily out of stock of a particular product, an equal or superior product at an equal or lower price may be delivered as long as prior approval has been received.

SECTION 6: STANDARD TERMS AND CONDITIONS

SUSPENSION AND DEBARMENT CERTIFICATION

Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion

Lower-Tier Transaction

This certification is required by the regulations implementing Executive Order 12549, Debarment and Suspension, Title 7 CFR Part 3017, §3017.510, Participants responsibilities. The regulations were published as Part IV of the January 30, 1989, *Federal Register* (pages 4722-4733). Copies of the regulations may be obtained by contacting the USDA agency with which this transaction originated.

1. The prospective lower-tier participant certifies, by submission of this proposal, that neither it nor its principals are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in this transaction by any Federal department or agency.
2. Where the prospective lower-tier participant is unable to certify to any of the statements in this certification, such prospective participant shall attach an explanation to this proposal.

INSTRUCTIONS FOR SUSPENSION & DEBARMENT CERTIFICATION:

1. By signing and submitting this form, the prospective lower-tier participant is providing the certification in accordance with these instructions.
2. The certification in this clause is a material representation of fact upon which reliance was placed when this transaction was entered into. If it is later determined that the prospective lower-tier participant knowingly rendered an erroneous certification, in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
3. The prospective lower-tier participant shall provide immediate written notice to the person to whom this proposal is submitted if at any time the prospective lower-tier participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
4. The terms *covered transaction*, *debarred*, *suspended*, *ineligible*, *lower-tier covered transaction*, *participant*, *person*, *primary covered transaction*, *principal*, *bid/proposal*, and *voluntarily excluded*, as used in this clause, have the meanings set out in the Definitions and Coverage sections of rules implementing Executive Order 12549. You may contact the person to which this proposal is submitted for assistance in obtaining a copy of those regulations.
5. The prospective lower-tier participant agrees by submitting this form that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower-tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction, unless authorized by the department or agency with which this transaction originated.

6. The prospective lower-tier participant further agrees by submitting this form that he or she will include this clause titled *Certification Regarding Debarment, Suspension, Ineligibility, and Voluntary Exclusion – Lower-Tier Covered Transactions*, without modification, in all lower-tier covered transactions and in all solicitations for lower-tier covered transactions.
7. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower-tier covered transaction that is not debarred, suspended, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which it determines the eligibility of its principles. Each participant may, but is not required to, check the Non-Procurement List.
8. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant are not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

Except for transactions authorized under paragraph 5 of these instructions, if a participant in a covered transaction knowingly enters into a lower-tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the federal government, the department or agency with which this transaction originated may pursue available remedies, including suspension and/or debarment.
